

(Email sent to HKU UG exchange students and HKU non-local UG students)

Laboratory Open House 2012-13 (2nd semester)

Dear UG exchange students and non-local UG students,

I hope that you are enjoying your stay at HKU. Do now consider pursuing at HKU, PhD or MPhil programmes fundable by Postgraduate Scholarships (PGS). Please note that the deadline for applications in the 1st Clearing Round is **April 30, 2013**.

More information is provided at

http://www.gradsch.hku.hk/gradsch/web/apply/index_ps.htm

To provide you an opportunity to learn about MPhil/PhD research in laboratory-based subjects, the Graduate School together with the Office of International Student Exchange will continue to hold a “Laboratory Open House” in this academic year 2012-13. In this Semester 2, you will be provided an opportunity to meet HKU **Principal **In**vestigators (potential RPg supervisors) and visit their labs to initiate discussions on MPhil/PhD studies.**

Please click [here](#) for information on research areas of PIs and their email addresses.

If you are interested, please do send an email to the PI (with your name, Faculty/Department, year and current study programme at HKU) to arrange for a visit.

Wishing you success in your studies and a rewarding stay at HKU!

Best Wishes,

Professor M.L. Chye

Wilson and Amelia Wong Professor in Plant Biotechnology,
