

## **Be computer savvy at HKU! (Session II)**

The Information Technology Services (ITS) of HKU is pleased to inform the RPg students of the research computing facilities available to them to support their research in two sessions. The details of Session II are as follows:

Date: Nov 10, 2017 (Friday)  
Time: 12:45 – 1:45 pm  
Venue: P503, Graduate House

In Session I held on Sept 26, staff from ITS responsible for research computing support have talked about what HKU provides to create a conducive computing environment for research among RPg students. They have introduced the High Performance Computing (HPC) / High Throughput Computing (HTC) facilities offered by the ITS, highlighting the China and international research computing collaborative consortiums that the ITS has been participating in.

Following this general introductory session, ITS will further discuss with students the use of relevant software in their research. Session II will cater for the RPg students working on more technically demanding research projects.

To register for the November session, please click here:
